MEMBERS AND FRIENDS

- Jess Nichols is in ICU in Grand Junction, Colorado with a blood clot in his lung. They have some great camp site friends who are watching over Sandy, but the hospital is several hours away from their camp. Please be in prayer for Jess' health and recovery and for Sandy's health and peace as she waits.
- Kerri Persaile will be having colon resection surgery on Wednesday, July 9, at Baylor Scott and White, Dallas. Please pray for successful surgery, that no cancer be found, and that recovery would be swift and complete.
