Week 4: Is Love Just an Algorithm?

Text: 1 John 3:11–18

John teaches that genuine love is more than kind words, warm feelings, or convincing responses. Jesus defined love by laying down His life for us, establishing the pattern of sacrificial love for every believer.

Artificial intelligence may imitate empathy, but it cannot embody the self-giving love of Christ. Biblical love is personal, costly, and active. It sees another person's need and responds with tangible care. Christians demonstrate this love through generosity, service, hospitality, forgiveness, and a willingness to sacrifice for others.
